MEMORANDUM FOR: Chief, Photographic Services Branch, PSG/NPIC
THROUGH : Director, National Photographic Interpretation Center
SUBJECT : Appreciation for Photographic Support

In the past two months, the Office of Imagery Analysis has been involved in several intelligence crisis situations. These crises have demanded OIA to provide both intelligence analysis and accompanying supportive materials such as briefing boards on a variety of topics and on extremely short turn-around times.

I would like to express our great appreciation for the fine support we have received from your Photographic Services Branch (PSB) during this period. We have placed demands on PSB which has required them to interrupt their normal work cycle, and on occasion work nights and weekends. Not once did they miss a due date and the quality of their work was up to its normal level of excellence. It would have been extremely difficult for this office to provide CIA with the needed intelligence analysis without the fine support of PSB. Please express my appreciation to them and congratulate them for me on a job well done.
